Vulnerable client lawyers

INDUSTRY-LEADING SPECIALISTS

Many law firms cover the practice areas associated with vulnerable clients, but just a few make it their only focus. We are specialists and industry-recognised as leaders in our field.

Dealing with the legal needs of a vulnerable client requires a unique skill-set, not just the necessary legal expertise, but the ability to manage the expectations of the different parties involved in a sensitive and understanding manner. The team at JE Bennett Law

recognise our clients and their families are often facing difficult decisions in emotionally challenging circumstances. It's our mission to support them every step of the way.

WHAT WE DO

Vulnerability can arise at birth; by accident; by disease; through old age; third party negligence or by criminal assault.

Our core work involves helping those that have been involved in life-changing circumstances through the provision of professional deputy services under the Court of Protection; advising lay deputies; and providing professional trustee services. We advise on all possible applications to the court of protection.

We also provide a full range of services for the elderly client: Enduring/Lasting Powers of Attorney; Wills (including the complexities surrounding funding for residential care home places); advice regarding care in the home or community; and tax efficient trusts for grandchildren.

WHO WE HELP

We work for the injured party and often the family of those lacking mental capacity.

We can help a loved one with:

- A serious brain injury or illness
- Severe learning disability
- Mental health difficulties
- Dementia

We also work for the lay deputy and lay trustee (a non-professional acting on behalf of the injured party); claimants and defendants in personal injury cases and clinical negligence cases; and Criminal Injury Compensation Authority (CICA) claimants.

Additionally, we work with other related organisations and care providers including case managers and Local Authorities.
